

Magistrates' Court Victoria

Practice Direction

No. 7 of 2011

EARLY NEUTRAL EVALUATION

Background

Practice Direction 4 of 2010 announced the commencement of a pilot programme of early neutral evaluation at the Court at Melbourne, which would continue until 30 October 2011. In retrospect, this period proved too short for a proper pilot programme. It has been decided to extend the pilot programme until 30 June 2012. This Practice Direction varies the earlier practice direction on that point only.

Direction

The early neutral evaluation pilot programme will continue until 30 June 2012
